ASSESSA'S raw materials:

ACTIMULSI GA20 is a natural multifunctional bioactive derived from the scar exudate of Acacia senegal, which improves the sensorial properties of formulas, providing a soft touch.

QUIDITAT NWP is a high-performance bioactive composed of active cucumber biomolecules, potentiated through the formation of a synergistic polymeric network with seaweed polysaccharides. Provides anti-inflammatory, soothing and spot reduction effect.

MANJAR acts in protection against environmental stress (temperature and humidity) related skin barrier damage, tissue repair and regeneration process.
