ALGAVITE HEALTH FOR SCALP - SCALP SERUM

CODE: 02HSC12072301

ASSESSA
WWW. ASSESSA. COM. BR

Scalp treatment gel that reduces oiliness, improves hydration and prevents scalp irritation. **How to use**: apply small amounts all over the scalp and massage gently. Do not rinse.

	TRADE NAME	INCI NAME	%	FUNCTION	SUPPLIER
A	Distilled water	Aqua	qsp	Vehicle	-
	Sodium Gluconate	Sodium Gluconate	0,10	Chelating	-
B	Xanthan Gum	Xanthan Gum	0,50	Thickener	-
	Vegetable Glycerin	Glycerin	1,00	Humectant	-
C	**ACTIMULSI GA 20 BS**	**Acacia Senegal Gum Extract, Sodium Benzoate and Potassium Sorbate**	**2,00**	**Softness**	**ASSESSA**
	ALGAVITE	**Kappaphycus Alvarezii Extract, Fucus Vesiculosus Extract, Glycerin, Sodium Benzoate and Potassium Sorbate**	**3,00**	**Scalp Hydration, Scalp Oil Reduction, Scalp Erythema Reduction**	**ASSESSA**
	ORMAGEL XPU BS	**Hypnea Musciformis Extract, Gelidiella Acerosa Extract, Sargassum Filipendula Extract, Sorbitol, Sodium Benzoate and Potassium Sorbate**	**1,00**	**Hair Hydration, Hair Protection, Repair**	**ASSESSA**
D	Microcare BS	Sodium Benzoate and Potassium Sorbate	1,00	Preservative	-
E	Citric acid	Citric Acid	qs	pH adjustment	-

PROCEDURE: Add Phase A to a container and start stirring until dissolved. In a container, mix phase B well, then add it to the main beaker with moderate agitation. Mix for 10 minutes. Add phases C and D and mix well. Adjust the pH with phase E.

FORMULA SPECIFICATION
pH: 5,0 - 5,2
Viscosity: 1.000 -1.500 cps (Brokifield RVT - Spindle 4/20 RPM)

**Formulation developed and tested in our laboratories with the ingredients and amounts described. Assessa is not responsible for changes in formulation and stability that may occur due to adaptations without additional tests.*

ASSESSA's raw materials:

ACTIMULSI GA20 is a natural multifunctional bioactive derived from the scar exudate of Acacia senegal, which improves the sensorial properties of formulas, providing a soft touch.

ALGAVITE is a bioactive with powerful immunomodulatory activity, made from selected red and brown marine algae, rich in biopolymers, polyphenols and trace elements, which stimulates the structural balance of the scalp and improves its vital functions, such as hydration, oil reduction and of scalp erythema.

ORMAGEL XPU is a high-performance active ingredient for hair treatment, developed through the extraction of red and brown algae under special conditions, using a proprietary technology (MPCS) that modifies the plant's cellular structure and allows the extraction of highly active fractions . The careful combination of molecules extracted from different algae results in an ingredient with greater cosmetic activity. Helps protect the scalp against irritation caused by chemical agents.
